The road runs through one of the most populous and fertile regions in the West, connecting St. Louis, the largest city in the West, with Nashville, the largest one in Tennessee, Louisville, the largest in Ken-tucky, and Evansville, the second in size in Indiana, by the shortest and test possible lines. Every mile of it is undertainly the great coal field of Illisois, now mined at various points on the road, and yielding from 9 to 30 millions of tune per square mile.

The Salt Works of Gallatin County on this line, now in operation are of unlimited capacity, and the only ones within 450 miles of St. The only Iron and Lead Mines in Illinois are found within ten miles of

the track.
16,000,000 bushels of Corp., 4,500,000 bushels of Wheat, 100,000 acres of other field crops, and 165,000 head of Hogs, were grown in the cour ties traversed by the road, during the year 1870, by a population of The earnings during the first 14 days of November after the opening of

St. Louis division (76 miles) were at a rate varying from e 506 to \$100 per day—a sum samply sufficient to pay all expenses, including interest on bonds and operation, and leave a surplus for extensions. This is the largest amount ever earned at first by any new road of equa length leading into St. Louis. After a thorough investigation, we are convinced that these bonds are smong the best and safest ever offered in our market.
